*Electronics & Communication Engineering student with hands-on front-end development experience and growing full-stack skills.
Passionate about building clean, functional web applications and solving problems through code, with an active focus on
strengthening Data Structures & Algorithms fundamentals.*

EDUCATION

National Institute of Technology (NIT) Agartala

Bachelor of Technology in Electronics and Communication Engineering

CGPA: 8.9 / 10

Expected May 2028

Agartala, Tripura

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, Web Technologies, Digital Electronics

PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript

2025

- Designed and built a fully responsive personal portfolio website from scratch to showcase projects, skills, and resume.
- Implemented a clean, mobile-first layout using semantic HTML5 and custom CSS (Flexbox/Grid) without any UI framework.
- Added smooth scrolling navigation, an interactive project showcase section, and a working contact form using vanilla JavaScript.
- Optimized page load performance and cross-browser compatibility, and deployed the site for public access.

Mid-Day Meal Monitoring System (Hackathon Project) | HTML, CSS, JavaScript, Node.js, MongoDB

2025

- Built a web application during a hackathon to address transparency and quality-monitoring issues in the Mid-Day Meal Scheme in Punjab.
- Designed a front end using HTML, CSS, and JavaScript enabling school staff to log daily meal quality, attendance, and stock levels.
- Developed backend REST APIs using Node.js and stored data in MongoDB to enable real-time tracking across multiple schools.
- Collaborated in a team under time constraints to design, build, and present a working prototype addressing a real-world civic issue.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript

Backend: Node.js, MongoDB, REST APIs

Tools: Git, GitHub, Claude, VS Code

Core CS: Data Structures & Algorithms (practicing on LeetCode), Problem Solving & Logic Building

ACHIEVEMENTS & EXTRACURRICULAR

- Participated in a hackathon focused on solving real-world civic issues, building a solution for the Mid-Day Meal Scheme in Punjab.
- Actively practicing Data Structures & Algorithms on LeetCode to strengthen problem-solving and logic-building skills.
- Maintaining an academic record of 8.9 CGPA while actively building projects outside the core curriculum.
